If you have a minimum three (3) to five (5) years experience as a Building Operator, believe in setting high standards for yourself and are available for evening and weekend shifts we are looking for you.

Responsibilities:

- Delivers “hands on” maintenance to HVAC systems and boiler operations
- Provides proven competency in plumbing, electrical and carpentry repairs
- Supports and provides set-up for all areas within the facility (arena floods, gymnasium equipment, meeting rooms, etc.)
- Completes general facility repairs and preventative maintenance
- Provides some general clean for the arena

Qualifications:

- Building Operator A, Class 4 Engineer or certified journeyman certificate is required
- Three years related operating experience preferably for swimming pools and ice facilities maintenance
- Solid working knowledge around safety procedures
- Able to lift substantial weight during course of regular work day
- Must have a valid drivers' license

Required Skills/Experience:

- Able to work well independently and in a fast-paced work environment
- Must be team-oriented
- Punctual, reliable and possess a positive attitude
- Enjoys working in a multi-faceted building
- Strong troubleshooting and organizational skills
- Possess high cleaning standards
- Friendly and enjoys a busy work environment
- Able to work evenings and weekends

What we offer:

- An opportunity to work and play in the same environment
- A stable work environment
- Free full facility membership
- Competitive salary and excellent full benefits package
- Training and development opportunities
- Advancement opportunities and cross-training
- A fun, positive and respectful work environment
